PROFESSIONAL SUMMARY

Recent B.E Mechanical Engineering graduate with strong academics and foundational knowledge of quality control principles. Completed final year project on defect reduction in casting processes. Familiar with 7 QC tools, 5S methodology, and basic quality inspection techniques. Seeking an entry-level Quality Engineer role in the automotive or manufacturing industry.

SKILLS

- Quality Inspection (Visual, Dimensional)
- 7 QC Tools (Cause and Effect Diagram, Pareto Chart, Control Chart, Histogram, Scatter Diagram, Check Sheet, Flowchart)
- 5S Workplace Organization
- Basic FMEA Awareness
- Measurement Tools: Vernier Caliper, Micrometer, Height Gauge, Dial Gauge
- GD&T (Geometric Dimensioning and Tolerancing) – Basic
- MS Office (Excel, Word)
- AutoCAD (Basic)
- Basic SPC Concepts

EDUCATION B.E – Mechanical Engineering Sri Venkateswara College of Engineering, Chennai Anna University | Graduated: 06/2024 CGPA: 8.7 / 10

FINAL YEAR PROJECT Title: Reduction of Rejection Rate in Sand Casting Process Using 7 QC Tools

- Identified top 5 defect types using Pareto analysis on 3 months of production data
- Constructed Ishikawa (fishbone) diagram to identify root causes of shrinkage defects
- Proposed corrective actions that theoretically reduced rejection rate by 18% in simulation
- Presented findings to department faculty panel; received distinction

ADDITIONAL INFORMATION

- Participated in National Level Technical Symposium on Manufacturing Excellence, IIT Madras (2023)
- Active member of SAE Collegiate Chapter, SVCE
- Scored 91% in XII (State Board), 88% in X
