PROFESSIONAL SUMMARY

B.Tech Production Engineering graduate with a 6-month internship at Mahindra & Mahindra, Pune. Gained hands-on experience in incoming quality inspection, 5S audits, and non-conformance reporting. Eager to build a career in Quality Assurance within the automotive sector.

SKILLS

- Incoming Quality Inspection
- Non-Conformance Report (NCR) Preparation
- 5S Auditing
- Basic FMEA Concepts
- Measurement Tools: CMM (observation), Vernier Caliper, Thread Gauge, Plug Gauge, Ring Gauge
- SPC – Basic (Control Charts)
- Drawing Reading and GD&T
- SAP – Basic Navigation (MM Module)
- MS Excel, MS Word, PowerPoint

WORK EXPERIENCE

Quality Intern Mahindra & Mahindra Ltd – Automotive Division, Pune 01/2024 – 06/2024 (6 months)

- Assisted incoming quality inspection team in checking supplier components against engineering drawings
- Prepared daily NCR logs and maintained rejection tracking in Excel
- Participated in 5S audit rounds across shop floor sections; documented findings
- Supported QA engineers during customer audit preparation by compiling quality records
- Observed Control Plan reviews and FMEA documentation sessions (no independent ownership)
- Calibrated basic measurement instruments under supervisor guidance
- Reduced manual data entry time by creating Excel-based inspection templates

EDUCATION

B.Tech – Production Engineering College of Engineering Pune (COEP) Savitribai Phule Pune University | Graduated: 05/2024 CGPA: 7.9 / 10

FINAL YEAR PROJECT

Implementation of 5S in a Machine Shop – A Case Study

- Mapped current state of a machine shop using photographs and layout diagrams
- Categorized items using Red Tag system; proposed storage and labeling standards
- Estimated potential productivity improvement of 12% through organization improvement
- Presented to industry panel including one Mahindra engineer

ACHIEVEMENTS

- Secured 3rd rank in department (Production Engineering), Batch 2020–2024
- Completed NPTEL course on "Quality Design and Control" with 78% score
-
